

## ERAU Wireless Printing Instructions on Windows 10

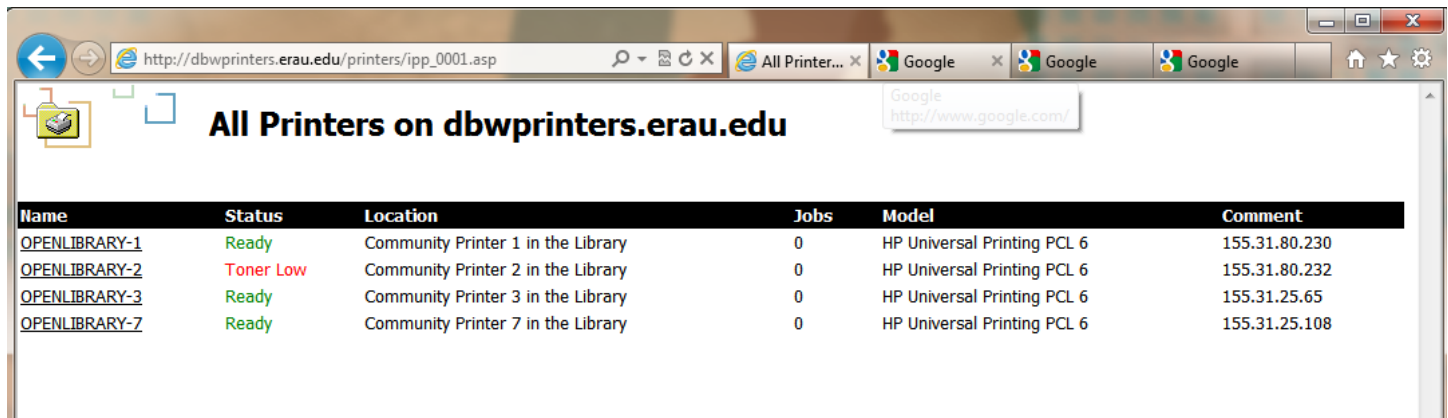

1. Open Internet Explorer 11 (not Microsoft Edge). **The printer Website is only functional with Internet Explorer.**
2. In the Internet Explorer address bar type <http://dbwprinters.erau.edu/printers>

3. You will be prompted for a username and password.

4. Enter your ERAU username and password in the fields.
5. Internet Explorer will be directed to the [All Printers on dbwprinters.erau.edu](http://dbwprinters.erau.edu/printers/ipp_0001.asp) web page.

6. You will need to add website to **“Trusted Sites”** – go to **Tools – Internet Options – Security tab – Trusted Sites – Sites** – click **Add** to add <http://dbwprinters.erau.edu> to Websites – will need to **uncheck “Require server verification for all sites in this zone”** to add website
7. Find the printer in the list you wish to print to and click that printer’s link.
8. A new Internet Explorer window will appear showing the name of the printer and the printer queue. On the left, under **Printer Actions**, click on **Connect**. (if you do not see **Connect**, go to **Tools – Compatibility View Settings** – click **Add** to add **erau.edu** to “Websites you’ve added to Compatibility View” – **Close**)

Document	Status	Owner	Pages	Size	Submitted
----------	--------	-------	-------	------	-----------

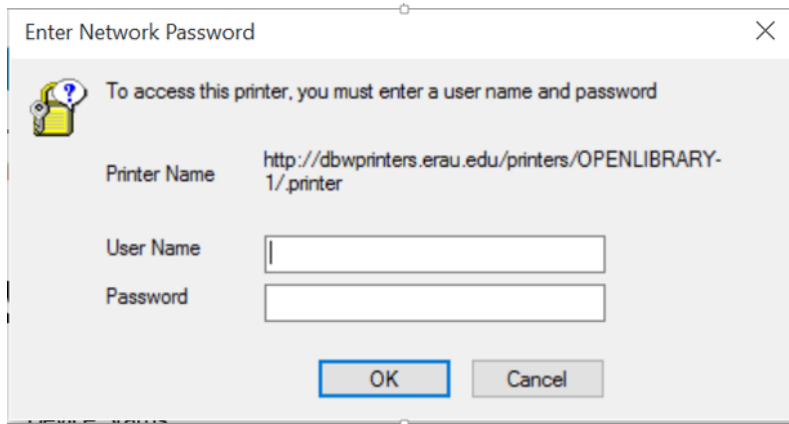

There is no document in the printer queue.

- The Add Web Printer Connection dialogue box will pop up confirming your printer connection.

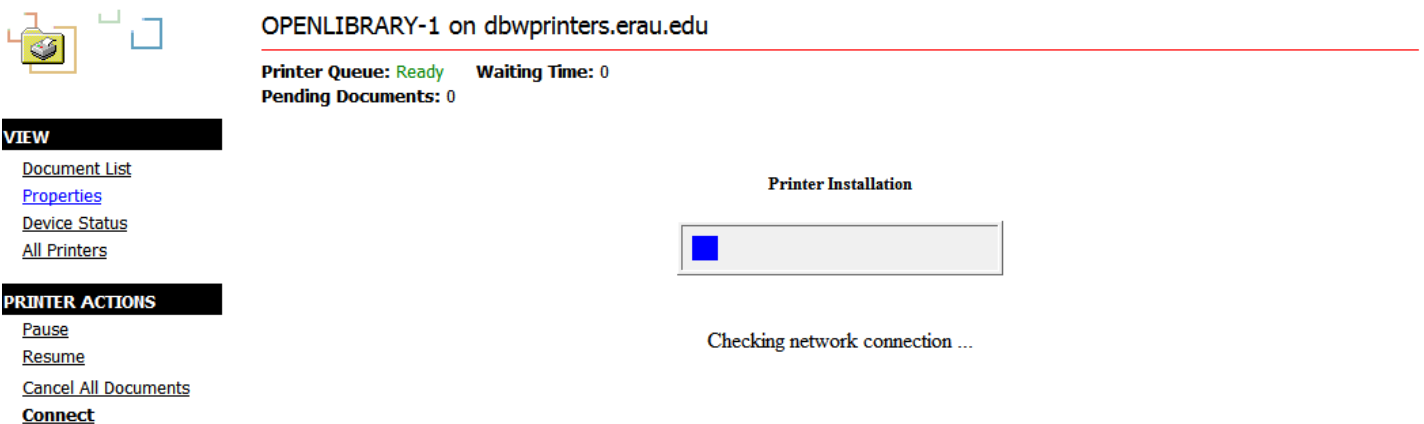

- Click **Yes**.

11. (Enter ERAU Username and password again, if prompted)

12. The Configure Internet Port window will popup.

If the printer was installed successfully you will see the following message in your browser window.

The installation of the printer is now complete. If you want to print to the installed printer you can select the printer in the application you want to print from.
